CHICAGO GRAIN MARKET,

CHICAGO GRAIN MARKET.

Chicago, Jan. 21.—Announcement that seaboard exporters were offering to resell brought about a collapse of wheat prices today after a bulge due largely to inquiries from Portugal. The market closed heavy, 3 3-4 to 5 3-4c net lower, with March \$1.54 1-2 to \$1.55 and May \$1.54 3-4 to \$1.55. Corn lest 1 to 1 1-4c and oats 1 1-5 to 1 1-4c. In provisions, the outcome varied from unchanged figures to 12c higher.

As much as \$,000,000 bushels of whea was sold to be wanted for Portugal, and during the first half hour of the day there was a good gemand from the seaboard presumably in anticipation of consequent large orders to buy. Later, however, it was said that six months credit was asked, and that such credits had not been obtained. Then came word of exporters trying to resell, and the market gave way in a hurry. On the break, Belgium and other European countries did considerable buying, but prices failed to rally much. News that India had received beneficial rains offset bullish contentions that eventual enactment of an export tax in Argentina was nearly certain.
